Mayor Harry W. Rilling  
125 East Avenue  
Norwalk, CT 06851-5125  
Re: Registrar Certifications, Recertifications and Canvassing

Dear Mayor Harry W. Rilling,

Under the Freedom of Information Act (FOIA), we are requesting the following information:

1. A copy of both Registrar of Voters Certification certificates and/or proof of annual training certificates if they were certified more than a year ago.
2. A copy of the Form ED-632, which certifies that the canvassing required by CT State Statute has been completed.

We had originally asked the Secretary of the State to provide the Certification information back on July 9, 2024. We received a partial list on August 8, 2024. Additional information requested has not been sent to us. After being sent the incomplete list, we have found that the information provided was inaccurate. Hence, we are requesting under FOIA, that you provide us with the information requested.

Included with this letter is **Exhibit A** (CT State Statute Sec. 9-192a regarding certification of Registrars of Voters for CT) taken directly from the CT State Statutes and **Exhibit B** from the Office of Legislative Research authored by Kristin Sullivan regarding the legal requirements for the Form ED-632 the certification the canvassing required by CT State Statute was indeed completed.

If both the Registrars of Voters are not certified after two years and not recertified every year thereafter, they are not qualified to run elections according to CT State Statutes. This is a very serious situation.

We look forward to your prompt attention to our request.

Respectfully,

Here is my annual training record as Registrar. I have been Registrar since 2008, but I do not have records from 2008 to when this record begins. Please also note that this is not actually a record we keep in Norwalk, i.e. Norwalk is not the custodian of these records. But I was curious about that information as well, so I downloaded it from the Registrar of Voters Association of Connecticut (ROVAC) website. The Secretary of the State must have records of Registrar certifications, but I don't, or at least have no idea where my Certification Certificate might be, assuming any such thing was ever sent. I recall being notified that I passed the certification (the date was in the first such group to take the test after the training, but I do not recall what year that was).

I believe you were furnished a copy of Form ED-632, but, again, the state would have these records for all the towns. I am happy to supply these records even if we are not actual custodians for FOI purposes. We have used your annual lists of deceased voters to help identify ones who slip through our regular methods of finding them, generally by dying out of town or out of state.

I have your letter of August 2<sup>nd</sup> and have one comment. You mention the, now, 1,205 registered voters state-wide with registration dates listed as Jan. 1, 1800. These are voters who registered before there was a state computer system and generally from towns who did not have their own computer records at that time. (Hard to believe, I know, but there was voting before there were computers.) We have occasionally looked for some of the earliest registration cards, but they do not always exist. In some cases all we have are later address change cards. The date of original registration is simply not knowable any more, as the voter would almost never have that information themselves. Jan 1, 1800 is simply the default date in the State computer system. So, basically, the number of missing registration dates is being reduced yearly by voter death, not research or record updating.

Sincerely,  
Stuart W. Wells III  
Registrar of Voters

Linda

The Norwalk Registrar of Voters office is not the custodian of the training certificate records you requested. I obtained a copy of mine and I sent it to you as a courtesy. I will ask Brian if he will do the same. We file a copy of ED-632 with the Secretary of the State's office every year, as we are required to do each year. We may or may not have saved a signed copy of that form. The statute does not require us to do so. The state would be the actual custodian of those forms for all Registrars. I will check our files to see what we happen to have.

Sincerely,

Stewart – We can't seem to get anywhere with the Norwalk responses other than your email. Could you please forward the ED-632 signed and dated for 2024 by both registrars? Thanks.

Also, we need the certificate for the other registrar and their hours, just like you provided. Thanks.

Greatly appreciated.

Here is my annual training record as Registrar. I have been Registrar since 2008, but I do not have records from 2008 to when this record begins. Please also note that this is not actually a record we keep in Norwalk, i.e. Norwalk is not the custodian of these records. But I was curious about that information as well, so I downloaded it from the Registrar of Voters Association of Connecticut (ROVAC) website. The Secretary of the State must have records of Registrar certifications, but I don't, or at least have no idea where my Certification Certificate might be, assuming any such thing was ever sent. I recall being notified that I passed the certification (the date was in the first such group to take the test after the training, but I do not recall what year that was).

I believe you were furnished a copy of Form ED-632, but, again, the state would have these records for all the towns. I am happy to supply these records even if we are not actual custodians for FOI purposes. We have used your annual lists of deceased voters to help identify ones who slip through our regular methods of finding them, generally by dying out of town or out of state.

I have your letter of August 2<sup>nd</sup> and have one comment. You mention the, now, 1,205 registered voters state-wide with registration dates listed as Jan. 1, 1800. These are voters who registered before there was a state computer system and generally from towns who did not have their own computer records at that time. (Hard to believe, I know, but there was voting before there were computers.) We have occasionally looked for some of the earliest registration cards, but they do not always exist. In some cases all we have are later address change cards. The date of original registration is simply not knowable any more, as the voter would almost never have that information themselves. Jan 1, 1800 is simply the
