Re: Registrar Certifications, Recertifications and Canvassing

Dear First Selectman Maureen Nicholson,

Under the Freedom of Information Act (FOIA), we are requesting the following information:

1. A copy of both Registrar of Voters Certification certificates and/or proof of annual training certificates if they were certified more than a year ago.
2. A copy of the Form ED-632, which certifies that the canvassing required by CT State Statute has been completed.

We had originally asked the Secretary of the State to provide the Certification information back on July 9, 2024. We received a partial list on August 8, 2024. Additional information requested has not been sent to us. After being sent the incomplete list, we have found that the information provided was inaccurate. Hence, we are requesting under FOIA, that you provide us with the information requested.

Included with this letter is **Exhibit A** (CT State Statute Sec. 9-192a regarding certification of Registrars of Voters for CT) taken directly from the CT State Statutes and **Exhibit B** from the Office of Legislative Research authored by Kristin Sullivan regarding the legal requirements for the Form ED-632 the certification the canvassing required by CT State Statute was indeed completed.

If both the Registrars of Voters are not certified after two years and not recertified every year thereafter, they are not qualified to run elections according to CT State Statutes. This is a very serious situation.

We look forward to your prompt attention to our request.

Respectfully,

**RE: Registrar of Voters Education and Certification Exam Program (ROV Program) Progress for John Charest & William Anderson**

To whom it may concern,

I am writing on behalf of the UConn School of Public Policy (UConn SPP), the current academic home and administrative support for the Registrar of Voters Education and Certification Exam Program (ROV Program) operated in collaboration with the State of Connecticut, Secretary of the State (SOTS).

John Charest (R) and William Anderson (D) are Registrars of Voters for the Town of Pomfret, CT. Both John and William have successfully registered for the first of two required courses in the ROV Program – Course 1. Both Course 1 and Course 2 need to be completed in full to proceed to the ROV Program’s final certification exam. As of July 2024, both John and William have completed ROV Course 1 in full. Registration for Course 2 is still pending for both Registrars as of the writing of this letter.

Per state statute (Connecticut General Statute Section 9-192a), John and William are still within their window of approved time to complete this certification process. The Town of Pomfret has informed UConn SPP that both John and William plan to register for and complete Course 2 prior to the conclusion of the January 2025. Once Course 2 is completed, both Registrars will be eligible to enroll for and complete the final certification exam.

Upon completion of all Courses, and the eventual certification exam, John and William will be able to download digital copies of their certificate of completion to save on record with the Town of Pomfret. Continuing education content and other efforts beyond the ROV Program are coordinated through the Registrar of Voters Association of Connecticut (ROVAC), and further inquiries can be directed to that organization directly.
