Re: Challenging Votes on Questionable Voters
Date: 10/15/2024

We ask your assistance to confirm “One Vote For One Legal Voter”™ for the 2024 election.

Over the past two years, Fight Voter Fraud, Inc. sent the attached data to the registrars in your town, requesting that the voter rolls be corrected.

The attached documents point out issues still present on the CT Secretary of the State Voter File as of 09/10/2024.

Towns are unable to edit an individual’s voter status this close to the election; however, you can **challenge** any of these individuals who should not vote in the 2024 election.

To do so, prior to the election, submit the following to both the Republican and Democrat registrars, the city/town administration, & the town attorney:

- A letter stating that you are challenging any voters on the attached who vote in your town in 2024.
- Copies of the attached voter printouts or flash drive files, if they exist for your town:
 - Deceased voters that remain on the 9/10/2024 SOTS file
 - Voters who appear to have moved but are still on the 9/10/2024 SOTS file
 - Active or inactive voters whose status should have been changed to **inactive or off** respectively. The town overview is a printout, but the detail voters may be on a flash drive.
 - **“Active” voters** who should be **“inactive”**:
 - Have not voted in over four years (many over eight years)
 - Have no evidence of ever voting with a registration date that is over four years ago (Many with the default date of 1/1/1800)
 - **“Inactive Voters** who should be **“Off”**:
 - Have not voted in over four years (many over eight years)
 - Have no evidence of ever voting with a registration date that is over four years ago (Many with the default date of 1/1/1800)

Note 1:

- **“Inactive” voters MAY VOTE, however, they MUST show proof of residency**
- **Voters who should have been set to off, must RE-REGISTER to vote**
- It is incumbent upon the registrar to “prove” each voter on the lists who voted
 - is not deceased
 - did not move
 - has voted within the last 4 years
 - was inactive, but showed proof of residency
 - or should have been set to off, but re-registered

Note 2:

- Request that **“bad dates”** be corrected. If applicable to your town, these may be on a flash drive:
 - Date of Birth: blank, default of 1/1/1800, or question those 95 – 144 years old
 - Registration Date: default of 1/1/1800
 - The last vote date greater than 2024

We ask your assistance to confirm “One Vote For One Legal Voter”™ for the 2024 election.

Over the past two years, Fight Voter Fraud, Inc. sent the attached data to the registrars in your town, requesting that the voter rolls be corrected.

The attached documents point out issues still present on the CT Secretary of the State Voter File as of 09/10/2024.

Towns are unable to edit an individual’s voter status this close to the election; however, you can **challenge** any of these individuals who should not vote in the 2024 election.

To do so, prior to the election, submit the following to both the Republican and Democrat registrars, the city/town administration, & the town attorney:

- A letter stating that you are challenging any voters on the attached who vote in your town in 2024.
- Copies of the attached voter printouts or flash drive files, if they exist for your town:
 - Deceased voters that remain on the 9/10/2024 SOTS file
 - Voters who appear to have moved but are still on the 9/10/2024 SOTS file
 - Active or inactive voters whose status should have been changed to **inactive or off** respectively. The town overview is a printout, but the detail voters may be on a flash drive.
 - **“Active” voters** who should be **“inactive”**:
 - Have not voted in over four years (many over eight years)
 - Have no evidence of ever voting with a registration date that is over four years ago (Many with the default date of 1/1/1800)
 - **“Inactive Voters** who should be **“Off”**:
 - Have not voted in over four years (many over eight years)
 - Have no evidence of ever voting with a registration date that is over four years ago (Many with the default date of 1/1/1800)

Note 1:

- **“Inactive” voters MAY VOTE, however, they MUST show proof of residency**

Re: Challenging Votes on Questionable Voters
Date: 10/15/2024

We ask your assistance to confirm “One Vote For One Legal Voter”™ for the 2024 election.

Over the past two years, Fight Voter Fraud, Inc. sent the attached data to the registrars in your town, requesting that the voter rolls be corrected.

The attached documents point out issues still present on the CT Secretary of the State Voter File as of 09/10/2024.

Towns are unable to edit an individual’s voter status this close to the election; however, you can **challenge** any of these individuals who should not vote in the 2024 election.

To do so, prior to the election, submit the following to both the Republican and Democrat registrars, the city/town administration, & the town attorney:

- A letter stating that you are challenging any voters on the attached who vote in your town in 2024.
- Copies of the attached voter printouts or flash drive files, if they exist for your town:
 - Deceased voters that remain on the 9/10/2024 SOTS file
 - Voters who appear to have moved but are still on the 9/10/2024 SOTS file
 - Active or inactive voters whose status should have been changed to **inactive or off** respectively. The town overview is a printout, but the detail voters may be on a flash drive.
 - **“Active” voters** who should be **“inactive”**:
 - Have not voted in over four years (many over eight years)
 - Have no evidence of ever voting with a registration date that is over four years ago (Many with the default date of 1/1/1800)
 - **“Inactive Voters** who should be **“Off”**:
 - Have not voted in over four years (many over eight years)
 - Have no evidence of ever voting with a registration date that is over four years ago (Many with the default date of 1/1/1800)

Note 1:

- **“Inactive” voters MAY VOTE, however, they MUST show proof of residency**
- **Voters who should have been set to off, must RE-REGISTER to vote**
- It is incumbent upon the registrar to “prove” each voter on the lists who voted
 - is not deceased
 - did not move
 - has voted within the last 4 years
 - was inactive, but showed proof of residency
 - or should have been set to off, but re-registered

Note 2:

- Request that **“bad dates”** be corrected. If applicable to your town, these may be on a flash drive:
 - Date of Birth: blank, default of 1/1/1800, or question those 95 – 144 years old
 - Registration Date: default of 1/1/1800
 - The last vote date greater than 2024

We ask your assistance to confirm “One Vote For One Legal Voter”™ for the 2024 election.

Over the past two years, Fight Voter Fraud, Inc. sent the attached data to the registrars in your town, requesting that the voter rolls be corrected.

The attached documents point out issues still present on the CT Secretary of the State Voter File as of 09/10/2024.

Towns are unable to edit an individual’s voter status this close to the election; however, you can **challenge** any of these individuals who should not vote in the 2024 election.

To do so, prior to the election, submit the following to both the Republican and Democrat registrars, the city/town administration, & the town attorney:

- A letter stating that you are challenging any voters on the attached who vote in your town in 2024.
- Copies of the attached voter printouts or flash drive files, if they exist for your town:
 - Deceased voters that remain on the 9/10/2024 SOTS file
 - Voters who appear to have moved but are still on the 9/10/2024 SOTS file
 - Active or inactive voters whose status should have been changed to **inactive or off** respectively. The town overview is a printout, but the detail voters may be on a flash drive.
 - **“Active” voters** who should be **“inactive”**:
 - Have not voted in over four years (many over eight years)
 - Have no evidence of ever voting with a registration date that is over four years ago (Many with the default date of 1/1/1800)
 - **“Inactive Voters** who should be **“Off”**:

Re: Challenging Votes on Questionable Voters
Date: 10/15/2024

We ask your assistance to confirm “One Vote For One Legal Voter”™ for the 2024 election.

Over the past two years, Fight Voter Fraud, Inc. sent the attached data to the registrars in your town, requesting that the voter rolls be corrected.

The attached documents point out issues still present on the CT Secretary of the State Voter File as of 09/10/2024.

Towns are unable to edit an individual’s voter status this close to the election; however, you can **challenge** any of these individuals who should not vote in the 2024 election.

To do so, prior to the election, submit the following to both the Republican and Democrat registrars, the city/town administration, & the town attorney:

- A letter stating that you are challenging any voters on the attached who vote in your town in 2024.
- Copies of the attached voter printouts or flash drive files, if they exist for your town:
 - Deceased voters that remain on the 9/10/2024 SOTS file
 - Voters who appear to have moved but are still on the 9/10/2024 SOTS file
 - Active or inactive voters whose status should have been changed to **inactive or off** respectively. The town overview is a printout, but the detail voters may be on a flash drive.
 - **“Active” voters** who should be **“inactive”**:
 - Have not voted in over four years (many over eight years)
 - Have no evidence of ever voting with a registration date that is over four years ago (Many with the default date of 1/1/1800)
 - **“Inactive Voters** who should be **“Off”**:
 - Have not voted in over four years (many over eight years)
 - Have no evidence of ever voting with a registration date that is over four years ago (Many with the default date of 1/1/1800)

Note 1:

- **“Inactive” voters MAY VOTE, however, they MUST show proof of residency**
- **Voters who should have been set to off, must RE-REGISTER to vote**
- It is incumbent upon the registrar to “prove” each voter on the lists who voted
 - is not deceased
 - did not move
 - has voted within the last 4 years
 - was inactive, but showed proof of residency
 - or should have been set to off, but re-registered

Note 2:

- Request that **“bad dates”** be corrected. If applicable to your town, these may be on a flash drive:
 - Date of Birth: blank, default of 1/1/1800, or question those 95 – 144 years old
 - Registration Date: default of 1/1/1800
 - The last vote date greater than 2024

We ask your assistance to confirm “One Vote For One Legal Voter”™ for the 2024 election.

Over the past two years, Fight Voter Fraud, Inc. sent the attached data to the registrars in your town, requesting that the voter rolls be corrected.

The attached documents point out issues still present on the CT Secretary of the State Voter File as of 09/10/2024.

Towns are unable to edit an individual’s voter status this close to the election; however, you can **challenge** any of these individuals who should not vote in the 2024 election.

To do so, prior to the election, submit the following to both the Republican and Democrat registrars, the city/town administration, & the town attorney:

- A letter stating that you are challenging any voters on the attached who vote in your town in 2024.
- Copies of the attached voter printouts or flash drive files, if they exist for your town:
 - Deceased voters that remain on the 9/10/2024 SOTS file
 - Voters who appear to have moved but are still on the 9/10/2024 SOTS file
 - Active or inactive voters whose status should have been changed to **inactive or off** respectively. The town overview is a printout, but the detail voters may be on a flash drive.
 - **“Active” voters** who should be **“inactive”**:
 - Have not voted in over four years (many over eight years)
 - Have no evidence of ever voting with a registration date that is over four years ago (Many with the default date of 1/1/1800)
 - **“Inactive Voters** who should be **“Off”**:

We ask your assistance to confirm “One Vote For One Legal Voter”™ for the 2024 election.

Over the past two years, Fight Voter Fraud, Inc. sent the attached data to the registrars in your town, requesting that the voter rolls be corrected.

The attached documents point out issues still present on the CT Secretary of the State Voter File as of 09/10/2024.

Towns are unable to edit an individual’s voter status this close to the election; however, you can **challenge** any of these individuals who should not vote in the 2024 election.

To do so, prior to the election, submit the following to both the Republican and Democrat registrars, the city/town administration, & the town attorney:

- A letter stating that you are challenging any voters on the attached who vote in your town in 2024.
- Copies of the attached voter printouts or flash drive files, if they exist for your town:
 - Deceased voters that remain on the 9/10/2024 SOTS file
 - Voters who appear to have moved but are still on the 9/10/2024 SOTS file
 - Active or inactive voters whose status should have been changed to **inactive or off** respectively. The town overview is a printout, but the detail voters may be on a flash drive.
 - **“Active” voters** who should be **“inactive”**:
 - Have not voted in over four years (many over eight years)
 - Have no evidence of ever voting with a registration date that is over four years ago (Many with the default date of 1/1/1800)
 - **“Inactive Voters** who should be **“Off”**:
 - Have not voted in over four years (many over eight years)
 - Have no evidence of ever voting with a registration date that is over four years ago (Many with the default date of 1/1/1800)

Note 1:

- **“Inactive” voters MAY VOTE, however, they MUST show proof of residency**
- **Voters who should have been set to off, must RE-REGISTER to vote**
- It is incumbent upon the registrar to “prove” each voter on the lists who voted
 - is not deceased
 - did not move
 - has voted within the last 4 years
 - was inactive, but showed proof of residency
 - or should have been set to off, but re-registered

Note 2:

- Request that **“bad dates”** be corrected. If applicable to your town, these may be on a flash drive:
 - Date of Birth: blank, default of 1/1/1800, or question those 95 – 144 years old
 - Registration Date: default of 1/1/1800
 - The last vote date greater than 2024

We ask your assistance to confirm “One Vote For One Legal Voter”™ for the 2024 election.

Over the past two years, Fight Voter Fraud, Inc. sent the attached data to the registrars in your town, requesting that the voter rolls be corrected.

The attached documents point out issues still present on the CT Secretary of the State Voter File as of 09/10/2024.

Towns are unable to edit an individual’s voter status this close to the election; however, you can **challenge** any of these individuals who should not vote in the 2024 election.

To do so, prior to the election, submit the following to both the Republican and Democrat registrars, the city/town administration, & the town attorney:

- A letter stating that you are challenging any voters on the attached who vote in your town in 2024.
- Copies of the attached voter printouts or flash drive files, if they exist for your town:
 - Deceased voters that remain on the 9/10/2024 SOTS file
 - Voters who appear to have moved but are still on the 9/10/2024 SOTS file
 - Active or inactive voters whose status should have been changed to **inactive or off** respectively. The town overview is a printout, but the detail voters may be on a flash drive.
 - **“Active” voters** who should be **“inactive”**:
 - Have not voted in over four years (many over eight years)
 - Have no evidence of ever voting with a registration date that is over four years ago (Many with the default date of 1/1/1800)
 - **“Inactive Voters** who should be **“Off”**:
 - Have not voted in over four years (many over eight years)
 - Have no evidence of ever voting with a registration date that is over four years ago (Many with the default date of 1/1/1800)

Note 1:

We ask your assistance to confirm “One Vote For One Legal Voter”™ for the 2024 election.

Over the past two years, Fight Voter Fraud, Inc. sent the attached data to the registrars in your town, requesting that the voter rolls be corrected.

The attached documents point out issues still present on the CT Secretary of the State Voter File as of 09/10/2024.

Towns are unable to edit an individual’s voter status this close to the election; however, you can **challenge** any of these individuals who should not vote in the 2024 election.

To do so, prior to the election, submit the following to both the Republican and Democrat registrars, the city/town administration, & the town attorney:

- A letter stating that you are challenging any voters on the attached who vote in your town in 2024.
- Copies of the attached voter printouts or flash drive files, if they exist for your town:
 - Deceased voters that remain on the 9/10/2024 SOTS file
 - Voters who appear to have moved but are still on the 9/10/2024 SOTS file
 - Active or inactive voters whose status should have been changed to **inactive or off** respectively. The town overview is a printout, but the detail voters may be on a flash drive.
 - **“Active” voters** who should be **“inactive”**:
 - Have not voted in over four years (many over eight years)
 - Have no evidence of ever voting with a registration date that is over four years ago (Many with the default date of 1/1/1800)
 - **“Inactive Voters** who should be **“Off”**:
 - Have not voted in over four years (many over eight years)
 - Have no evidence of ever voting with a registration date that is over four years ago (Many with the default date of 1/1/1800)

Note 1:

- **“Inactive” voters MAY VOTE, however, they MUST show proof of residency**
- **Voters who should have been set to off, must RE-REGISTER to vote**
- It is incumbent upon the registrar to “prove” each voter on the lists who voted
 - is not deceased
 - did not move
 - has voted within the last 4 years
 - was inactive, but showed proof of residency
 - or should have been set to off, but re-registered

Note 2:

- Request that **“bad dates”** be corrected. If applicable to your town, these may be on a flash drive:
 - Date of Birth: blank, default of 1/1/1800, or question those 95 – 144 years old
 - Registration Date: default of 1/1/1800
 - The last vote date greater than 2024

We ask your assistance to confirm “One Vote For One Legal Voter”™ for the 2024 election.

Over the past two years, Fight Voter Fraud, Inc. sent the attached data to the registrars in your town, requesting that the voter rolls be corrected.

The attached documents point out issues still present on the CT Secretary of the State Voter File as of 09/10/2024.

Towns are unable to edit an individual’s voter status this close to the election; however, you can **challenge** any of these individuals who should not vote in the 2024 election.

To do so, prior to the election, submit the following to both the Republican and Democrat registrars, the city/town administration, & the town attorney:

- A letter stating that you are challenging any voters on the attached who vote in your town in 2024.
- Copies of the attached voter printouts or flash drive files, if they exist for your town:
 - Deceased voters that remain on the 9/10/2024 SOTS file
 - Voters who appear to have moved but are still on the 9/10/2024 SOTS file
 - Active or inactive voters whose status should have been changed to **inactive or off** respectively. The town overview is a printout, but the detail voters may be on a flash drive.

We ask your assistance to confirm “One Vote For One Legal Voter”™ for the 2024 election.

Over the past two years, Fight Voter Fraud, Inc. sent the attached data to the registrars in your town, requesting that the voter rolls be corrected.

The attached documents point out issues still present on the CT Secretary of the State Voter File as of 09/10/2024.

Towns are unable to edit an individual’s voter status this close to the election; however, you can **challenge** any of these individuals who should not vote in the 2024 election.

To do so, prior to the election, submit the following to both the Republican and Democrat registrars, the city/town administration, & the town attorney:

- A letter stating that you are challenging any voters on the attached who vote in your town in 2024.
- Copies of the attached voter printouts or flash drive files, if they exist for your town:
 - Deceased voters that remain on the 9/10/2024 SOTS file
 - Voters who appear to have moved but are still on the 9/10/2024 SOTS file
 - Active or inactive voters whose status should have been changed to **inactive or off** respectively. The town overview is a printout, but the detail voters may be on a flash drive.
 - **“Active” voters** who should be **“inactive”**:
 - Have not voted in over four years (many over eight years)
 - Have no evidence of ever voting with a registration date that is over four years ago (Many with the default date of 1/1/1800)
 - **“Inactive Voters** who should be **“Off”**:
 - Have not voted in over four years (many over eight years)
 - Have no evidence of ever voting with a registration date that is over four years ago (Many with the default date of 1/1/1800)

Note 1:

- **“Inactive” voters MAY VOTE, however, they MUST show proof of residency**
- **Voters who should have been set to off, must RE-REGISTER to vote**
- It is incumbent upon the registrar to “prove” each voter on the lists who voted
 - is not deceased
 - did not move
 - has voted within the last 4 years
 - was inactive, but showed proof of residency
 - or should have been set to off, but re-registered

Note 2:

- Request that **“bad dates”** be corrected. If applicable to your town, these may be on a flash drive:
 - Date of Birth: blank, default of 1/1/1800, or question those 95 – 144 years old
 - Registration Date: default of 1/1/1800
 - The last vote date greater than 2024

- Copies of the attached voter printouts or flash drive files, if they exist for your town:
 - Deceased voters that remain on the 9/10/2024 SOTS file
 - Voters who appear to have moved but are still on the 9/10/2024 SOTS file
 - Active or inactive voters whose status should have been changed to **inactive or off** respectively. The town overview is a printout, but the detail voters may be on a flash drive.
 - **“Active” voters** who should be **“inactive”**:
 - Have not voted in over four years (many over eight years)
 - Have no evidence of ever voting with a registration date that is over four years ago (Many with the default date of 1/1/1800)
 - **“Inactive Voters** who should be **“Off”**:
 - Have not voted in over four years (many over eight years)
 - Have no evidence of ever voting with a registration date that is over four years ago (Many with the default date of 1/1/1800)

Note 1:

- **“Inactive” voters MAY VOTE, however, they MUST show proof of residency**
- **Voters who should have been set to off, must RE-REGISTER to vote**
- It is incumbent upon the registrar to “prove” each voter on the lists who voted
 - is not deceased
 - did not move
 - has voted within the last 4 years
 - was inactive, but showed proof of residency
 - or should have been set to off, but re-registered

Note 2:

- Request that **“bad dates”** be corrected. If applicable to your town, these may be on a flash drive:
 - Date of Birth: blank, default of 1/1/1800, or question those 95 – 144 years old
 - Registration Date: default of 1/1/1800

We ask your assistance to confirm “One Vote For One Legal Voter”™ for the 2024 election.

Over the past two years, Fight Voter Fraud, Inc. sent the attached data to the registrars in your town, requesting that the voter rolls be corrected.

The attached documents point out issues still present on the CT Secretary of the State Voter File as of 09/10/2024.

Towns are unable to edit an individual’s voter status this close to the election; however, you can **challenge** any of these individuals who should not vote in the 2024 election.

To do so, prior to the election, submit the following to both the Republican and Democrat registrars, the city/town administration, & the town attorney:

- A letter stating that you are challenging any voters on the attached who vote in your town in 2024.
- Copies of the attached voter printouts or flash drive files, if they exist for your town:
 - Deceased voters that remain on the 9/10/2024 SOTS file
 - Voters who appear to have moved but are still on the 9/10/2024 SOTS file
 - Active or inactive voters whose status should have been changed to **inactive or off** respectively. The town overview is a printout, but the detail voters may be on a flash drive.
 - **“Active” voters** who should be **“inactive”**:
 - Have not voted in over four years (many over eight years)
 - Have no evidence of ever voting with a registration date that is over four years ago (Many with the default date of 1/1/1800)
 - **“Inactive Voters** who should be **“Off”**:
 - Have not voted in over four years (many over eight years)
 - Have no evidence of ever voting with a registration date that is over four years ago (Many with the default date of 1/1/1800)

Note 1:

- **“Inactive” voters MAY VOTE, however, they MUST show proof of residency**
- **Voters who should have been set to off, must RE-REGISTER to vote**
- It is incumbent upon the registrar to “prove” each voter on the lists who voted
 - is not deceased
 - did not move
 - has voted within the last 4 years
 - was inactive, but showed proof of residency
 - or should have been set to off, but re-registered

Note 2:

- Request that **“bad dates”** be corrected. If applicable to your town, these may be on a flash drive:
 - Date of Birth: blank, default of 1/1/1800, or question those 95 – 144 years old
 - Registration Date: default of 1/1/1800

To do so, prior to the election, submit the following to both the Republican and Democrat registrars, the city/town administration, & the town attorney:

- A letter stating that you are challenging any voters on the attached who vote in your town in 2024.
- Copies of the attached voter printouts or flash drive files, if they exist for your town:
 - Deceased voters that remain on the 9/10/2024 SOTS file
 - Voters who appear to have moved but are still on the 9/10/2024 SOTS file
 - Active or inactive voters whose status should have been changed to **inactive or off** respectively. The town overview is a printout, but the detail voters may be on a flash drive.
 - **“Active” voters** who should be **“inactive”**:
 - Have not voted in over four years (many over eight years)
 - Have no evidence of ever voting with a registration date that is over four years ago (Many with the default date of 1/1/1800)
 - **“Inactive Voters** who should be **“Off”**:
 - Have not voted in over four years (many over eight years)
 - Have no evidence of ever voting with a registration date that is over four years ago (Many with the default date of 1/1/1800)

Note 1:

- **“Inactive” voters MAY VOTE, however, they MUST show proof of residency**
- **Voters who should have been set to off, must RE-REGISTER to vote**
- It is incumbent upon the registrar to “prove” each voter on the lists who voted
 - is not deceased
 - did not move
 - has voted within the last 4 years
 - was inactive, but showed proof of residency
 - or should have been set to off, but re-registered

Note 2:

- Request that **“bad dates”** be corrected. If applicable to your town, these may be on a flash drive:
 - Date of Birth: blank, default of 1/1/1800, or question those 95 – 144 years old
 - Registration Date: default of 1/1/1800
 - The last vote date greater than 2024

We ask your assistance to confirm “One Vote For One Legal Voter”™ for the 2024 election.

Over the past two years, Fight Voter Fraud, Inc. sent the attached data to the registrars in your town, requesting that the voter rolls be corrected.

The attached documents point out issues still present on the CT Secretary of the State Voter File as of 09/10/2024.

Towns are unable to edit an individual’s voter status this close to the election; however, you can **challenge** any of these individuals who should not vote in the 2024 election.

To do so, prior to the election, submit the following to both the Republican and Democrat registrars, the city/town administration, & the town attorney:

- A letter stating that you are challenging any voters on the attached who vote in your town in 2024.
- Copies of the attached voter printouts or flash drive files, if they exist for your town:
 - Deceased voters that remain on the 9/10/2024 SOTS file
 - Voters who appear to have moved but are still on the 9/10/2024 SOTS file
 - Active or inactive voters whose status should have been changed to **inactive or off** respectively. The town overview is a printout, but the detail voters may be on a flash drive.
 - **“Active” voters** who should be **“inactive”**:
 - Have not voted in over four years (many over eight years)
 - Have no evidence of ever voting with a registration date that is over four years ago (Many with the default date of 1/1/1800)
 - **“Inactive Voters** who should be **“Off”**:
 - Have not voted in over four years (many over eight years)
 - Have no evidence of ever voting with a registration date that is over four years ago (Many with the default date of 1/1/1800)

Note 1:

- **“Inactive” voters MAY VOTE, however, they MUST show proof of residency**
- **Voters who should have been set to off, must RE-REGISTER to vote**
- It is incumbent upon the registrar to “prove” each voter on the lists who voted
 - is not deceased
 - did not move
 - has voted within the last 4 years
 - was inactive, but showed proof of residency
 - or should have been set to off, but re-registered

Note 2:

Over the past two years, Fight Voter Fraud, Inc. sent the attached data to the registrars in your town, requesting that the voter rolls be corrected.

The attached documents point out issues still present on the CT Secretary of the State Voter File as of 09/10/2024.

Towns are unable to edit an individual’s voter status this close to the election; however, you can **challenge** any of these individuals who should not vote in the 2024 election.

To do so, prior to the election, submit the following to both the Republican and Democrat registrars, the city/town administration, & the town attorney:

- A letter stating that you are challenging any voters on the attached who vote in your town in 2024.
- Copies of the attached voter printouts or flash drive files, if they exist for your town:
 - Deceased voters that remain on the 9/10/2024 SOTS file
 - Voters who appear to have moved but are still on the 9/10/2024 SOTS file
 - Active or inactive voters whose status should have been changed to **inactive or off** respectively. The town overview is a printout, but the detail voters may be on a flash drive.
 - **“Active” voters** who should be **“inactive”**:
 - Have not voted in over four years (many over eight years)
 - Have no evidence of ever voting with a registration date that is over four years ago (Many with the default date of 1/1/1800)
 - **“Inactive Voters** who should be **“Off”**:
 - Have not voted in over four years (many over eight years)
 - Have no evidence of ever voting with a registration date that is over four years ago (Many with the default date of 1/1/1800)

Note 1:

- **“Inactive” voters MAY VOTE, however, they MUST show proof of residency**
- **Voters who should have been set to off, must RE-REGISTER to vote**
- It is incumbent upon the registrar to “prove” each voter on the lists who voted
 - is not deceased
 - did not move
 - has voted within the last 4 years
 - was inactive, but showed proof of residency
 - or should have been set to off, but re-registered

Note 2:

- Request that **“bad dates”** be corrected. If applicable to your town, these may be on a flash drive:
 - Date of Birth: blank, default of 1/1/1800, or question those 95 – 144 years old
 - Registration Date: default of 1/1/1800
 - The last vote date greater than 2024

 - Have not voted in over four years (many over eight years)
 - Have no evidence of ever voting with a registration date that is over four years ago (Many with the default date of 1/1/1800)

Note 1:

- **“Inactive” voters MAY VOTE, however, they MUST show proof of residency**
- **Voters who should have been set to off, must RE-REGISTER to vote**
- It is incumbent upon the registrar to “prove” each voter on the lists who voted
 - is not deceased
 - did not move
 - has voted within the last 4 years
 - was inactive, but showed proof of residency
 - or should have been set to off, but re-registered

Note 2:

- Request that **“bad dates”** be corrected. If applicable to your town, these may be on a flash drive:
 - Date of Birth: blank, default of 1/1/1800, or question those 95 – 144 years old
 - Registration Date: default of 1/1/1800
 - The last vote date greater than 2024

Re: Challenging Votes on Questionable Voters
Date: 10/15/2024

We ask your assistance to confirm “One Vote For One Legal Voter”™ for the 2024 election.

Over the past two years, Fight Voter Fraud, Inc. sent the attached data to the registrars in your town, requesting that the voter rolls be corrected.

The attached documents point out issues still present on the CT Secretary of the State Voter File as of 09/10/2024.

Towns are unable to edit an individual’s voter status this close to the election; however, you can **challenge** any of these individuals who should not vote in the 2024 election.

To do so, prior to the election, submit the following to both the Republican and Democrat registrars, the city/town administration, & the town attorney:

- A letter stating that you are challenging any voters on the attached who vote in your town in 2024.
- Copies of the attached voter printouts or flash drive files, if they exist for your town:
 - Deceased voters that remain on the 9/10/2024 SOTS file
 - Voters who appear to have moved but are still on the 9/10/2024 SOTS file
 - Active or inactive voters whose status should have been changed to **inactive or off** respectively. The town overview is a printout, but the detail voters may be on a flash drive.
 - **“Active” voters** who should be **“inactive”**:
 - Have not voted in over four years (many over eight years)
 - Have no evidence of ever voting with a registration date that is over four years ago (Many with the default date of 1/1/1800)
 - **“Inactive Voters** who should be **“Off”**:
 - Have not voted in over four years (many over eight years)
 - Have no evidence of ever voting with a registration date that is over four years ago (Many with the default date of 1/1/1800)

Note 1:

- **“Inactive” voters MAY VOTE, however, they MUST show proof of residency**
- **Voters who should have been set to off, must RE-REGISTER to vote**
- It is incumbent upon the registrar to “prove” each voter on the lists who voted
 - is not deceased
 - did not move
 - has voted within the last 4 years
 - was inactive, but showed proof of residency
 - or should have been set to off, but re-registered
