First Selectman Jeffrey A Manville
501 Main Street South
Southbury, CT 06488
Re: Registrar Certifications, Recertifications and Canvassing

Dear First Selectman Jeffrey A Manville,

Under the Freedom of Information Act (FOIA), we are requesting the following information:

1. A copy of both Registrar of Voters Certification certificates and/or proof of annual training certificates if they were certified more than a year ago.
2. A copy of the Form ED-632, which certifies that the canvassing required by CT State Statute has been completed.

We had originally asked the Secretary of the State to provide the Certification information back on July 9, 2024. We received a partial list on August 8, 2024. Additional information requested has not been sent to us. After being sent the incomplete list, we have found that the information provided was inaccurate. Hence, we are requesting under FOIA, that you provide us with the information requested.

Included with this letter is **Exhibit A** (CT State Statute Sec. 9-192a regarding certification of Registrars of Voters for CT) taken directly from the CT State Statutes and **Exhibit B** from the Office of Legislative Research authored by Kristin Sullivan regarding the legal requirements for the Form ED-632 the certification the canvassing required by CT State Statute was indeed completed.

If both the Registrars of Voters are not certified after two years and not recertified every year thereafter, they are not qualified to run elections according to CT State Statutes. This is a very serious situation.

We look forward to your prompt attention to our request.

Respectfully,

A handwritten signature in blue ink, appearing to read "Linda Szyrkowicz".

Good Morning Team Southbury!

A quick note of appreciation and admiration for our time together last week. It was a pleasure to be affiliated with such a dedicated team of professionals who are so committed to assisting their community with such a high level of empathy and expertise.

Thank you for your generosity and welcoming spirit as the Federal “blue wave” continues to support your efforts.

The Town of Southbury and the State of CT are truly fortunate to have you all representing their interests in such challenging times. Given the strong sense of caring and concern that is so evident in Southbury, I know that you will be successful in restoring your beautiful community to the charming and historic town it is renowned for.

Please let me know if I can be of any assistance at any time.

Thank you again, Stay safe!

First Selectman's Update

September 5, 2024

Board of Selectman +
Hello Southbury Residents,

I would have never imagined that I would be sharing news regarding a devastating flood that ravaged our community and turned Southbury into an Emergency Disaster Area overnight.

Southbury Emergency Management Director, Stephen Schnell, has been exemplary in his decision making and leadership during this immense emergency operation. During the initial two weeks after the flood, town departments worked as a team, day and night, to set up our Emergency Operations Center, set up the damage reporting tool, bring in disaster relief resources, open an emergency shelter, create a temporary space in Town for librarians to do their work and assist other departments, make temporary repairs to town roads and culverts to create access for as many roads as possible so that Region 15 schools could open their 2024-25 school year on-schedule. These efforts proved there are no silos within our departments. We are all in this together.

The Town set up a centralized Emergency Center-Flooding Information webpage to have all flood related resources and information accessible in one location. I urge citizens to go to that webpage for the most accurate and timely flood-related information. That link is <https://www.southbury-ct.org/emergencycenter>. The road closure map available there is updated as roads open and close. We have transitioned from daily flood updates to sharing updates once a week with any new information, going out on e-blasts and social media in real time. All of which gets saved on our website.

Southbury is resilient and a community that comes together in times of need as evidenced by the abundance of community support and previous events such as the tornado and covid. It will take time, but we will get through this.

For those who have been affected by the flood, know you are not alone. If you can't find the information you are looking for on our Emergency Center webpage, please call our ~~emergency phone number at~~ *the First Selectman's Office*

We are looking forward to providing the public with more answers once FEMA finishes its assessments.

Jeff

Jeff Manville

First Selectman, Town of Southbury

You are here: [Documentation](#) > [Incident Module](#) > [Export](#) > **View and Validate Resident Self-Reports**

View and Validate Resident Self-Reports

Once Resident Self-Reports have been submitted, they can be viewed on a map by opening your incident on the console home screen and selecting Operations View. Resident Self-Reports are symbolized by a person icon enclosed in a red circle.

Video: [How To View Resident Self-Reports](#)

Additionally, submitted Resident Self-Reports will appear in the " **Entries Without a Task**" task folder in the **Tasks** module. They will have to be assigned to another task so that they can be followed up by mobile app users. After creating a task for validating received Resident Self-Reports, the Resident Self-Reports can then be assigned to that validation task in two ways.

Method 1. Copy the Resident Self-Report information into a Residential form

Tip: This will allow you to keep a record of the initial Resident Self-Report, in addition to transferring all of the info into the Residential form.

Video: [How To Copy the Resident Self-Report information into a Residential form](#)

This can be done using the following steps:

1. Open incident and select the **Tasks** module on the desktop console.
2. Select **View** next to **Entries without a Task**.
3. Select the checkboxes next to the Resident Self-Reports you want to assign for followup.
4. In the top right corner of the screen, select **Edit**.
5. Select **Copy**.
6. Select " **Residential**" from the Form dropdown list.
7. Select the task that was created to confirm resident self-reports. The Residential assessment will be assigned to this task.
8. Click **Save**.
9. The entries will now appear in the validation task and can be assigned to a team.

Method 2. Change the Resident Self-Report into a Residential Damage Assessment Form

Tip: This will transfer all of the info from the Resident Self-Report into the Residential form and will not leave a copy of the initial resident self-report

Video: [How To Change the Resident Self-Report into a Residential Damage Assessment Form](#)

1. Open incident and select the **Tasks** module on the desktop console.
2. Select **View** next to **Entries without a Task**.
3. Click **Edit** in the row of the Resident Self-Report you would like to change to a Residential damage assessment form.
4. In the **Form** field, change the form to Residential and click **Confirm**.
5. In the **Task** Field, change to your follow-up task and click **Confirm**.
6. Change the **Status** to **Assigned**.
7. Click **Save**.
8. The entry will now appear in your validation task and can be assigned to a team.

Hi Linda. I apologize if I missed your email and if you can forward the original email to me that you sent. I am in receipt of this request. You may not be aware but the Town of Southbury has had extensive flooding and damage from a 1,000 year storm the last two weeks.

Best regards.

CAUTION: This email originated from outside of the organization. Do not click links or open attachments unless you recognize the sender and know the content is safe.

Dear First Selectman Jeffrey Manville,

Please find attached the letter we mailed to you last week. Our request is simple. Under the Freedom of Information Act (FOIA), we are requesting the following information:

1. A copy of both Registrar of Voters Certification certificates and/or proof of annual training certificates if they were certified more than a year ago.
2. A copy of the Form ED-632, which certifies that the canvassing required by CT State Statute has been completed.

Thank you for your prompt response to our request.

Respectfully,
Linda Szykowitz
